Experience

Hyperinventive

(Junior software developer)   *September 2023-Present*

As a Junior Software Developer, I have worked extensively with Next.js, utilizing UI libraries such as Material-UI (MUI) and Tailwind CSS. I contributed to the development of a responsive flight booking system website, ensuring a seamless user experience through effective frontend integration. Additionally, I led the development of a CRM system independently, designing and integrating the frontend using Next.js, MUI, and Tailwind CSS. My role involved project leadership, coordinating with stakeholders, and delivering high-quality, maintainable code.
